

# ACT NOW

## BEFORE IT'S TOO LATE!

### Reject Gatwick's plan for 3 Runways

#### Stand up for Sussex's unique natural environment:

- Reject the environmental impact of over 90,000 extra flights a year.
- Reject the destruction of nature; animal habitats, wildlife corridors and biodiversity.
- Reject the loss of countryside for the houses and infrastructure needed to accommodate the 12,000 extra workers for the expanded airport.
- Reject increasing congestion on road and rail caused by an additional 50 million passengers and over 200,000 tonnes of haulage.
- Reject the loss of clean air, peaceful woodlands and dark, starlit skies.

**Gatwick expansion is not just about a runway - it is about the millions of extra passengers, cars, houses and infrastructure which would change the face of Sussex forever.**

### Your voice is needed now

For more information about how **YOU** can object please visit our website:

<http://bit.ly/gatwickcampaign>

OR go to the Gatwick consultation page <http://www.gatwickairport.com/business-community/growing-gatwick/long-term-plans>

or object by email: [gatwickdraftmasterplan@ipsos-mori.com](mailto:gatwickdraftmasterplan@ipsos-mori.com)

*"We do not believe that this scale of destruction of wildlife, ecology, tranquility, dark night skies and clean air through the expansion of Gatwick can be justified."* CPRE Chair, David Johnson

## CPRE Sussex

Protect the countryside for all
