

Your gift, no matter how small, really makes a difference.

Your generosity will help ensure our Sussex countryside continues to thrive, providing lasting benefits for generations to come. We've been campaigning successfully for over 90 years to protect and promote the Sussex countryside.

We fight bad development by:

- Campaigning to prevent urban sprawl over green fields.
- Vigilantly and consistently checking planning applications and challenging local authority plans.
- Taking the lead in defending the countryside at Public Inquiries.

We promote good development by:

- Recognising innovation and initiative with our Countryside Awards.
- Working with design professionals and developers to encourage better quality building.

We influence decision makers in government, local councils and public bodies by:

- Organising high-profile public events, meetings and conferences.
- Reaching out to young people in education.
- Campaigning with other environmental pressure groups.
- Engaging with local and national press, and broadcast and social media.

The generosity of country lovers, like you, has helped us recently to:

- Win the fight for the South Downs National Park after a 60 year campaign.
- Defeat a planning application for 520 houses beside the South Downs at Polegate following CPRE Sussex leading a consortium of groups to fight the application.
- Successfully campaign and co-ordinate local councils to stop enormous 'land-raise' waste sites in East Sussex.
- Stop water company plans to flood farmland risking ancient woodland, a scheduled ancient monument and an important traditional farmstead.
- Join local groups to successfully beat off plans for 52 acres of glasshouses in Almodington on the Manhood Peninsular.

Many of our cherished open spaces will simply disappear under development of every kind unless we all take a stand.

Your gift will enable us to continue to campaign to protect and promote our Sussex countryside far into the future.
